One Finanz Limited

To whom it may concern

I have known One Finanz Ltd (OFL) a licensed Hong Kong broker with high net worth clients throughout the Asian Region, starting when I joined Winterthur Life over 18 years ago. In these years, I have been impressed with the way its management and Technical Representatives headed by its founder, Eudaldo (Benjie) C. Atilano, Jr. The team has consistently displayed utmost professionalism and always adhered to the regulations and compliance guidelines set forth.

It was a pleasure to work with OFL and the company has become one of most valuable and respected brokers in the Asian Region. Its professionalism, integrity and customer care is of highest standard and trusted by clients. I am sure our business relationship will continue to thrive for many years to come.

Sincerely,
